It's not super loud but loud enough to blast the national anthem through it and piss off lots of commies.

If you've never read the full "Star Spangled Banner" poem, you really should take it upon yourself to do so, as should everyone else that frequents this site. The last two stanzas are especially poignant in our present situation and would be quite the rally cry if read aloud on January 6th.

\$90 a night, free parking, and 10 min walk from the metro.

Just comment or DM if you want the place! We can even meet up in the AM and head to the metro together if you'd like!

Be there, no matter what. Even if the DC mayor orders hotels shut down and shuts down the transportation system and they attempt roadblocks claiming there is a new made up strain of Covid. They are going to attempt to Trump supporters from getting there. It's not going to be easy and the police may try to block off Freedom Plaza, but get in there.

My prediction:

Imagine in a few days Trump declassifies everything the government knows about electoral and voter fraud in this country and abroad. He will also show foreign intelligence (likely Israeli) corroborating Dominion/Scytl/Ballot Fraud affidavits. They'll show that the FISA court has been approving fixes globally since its inception. That CJ Roberts is compromised because he picks the FISA judges. They'll show the programs the IC uses be it satellites, software or operatives to fix elections. Then we'll watch the career reps/senators who approved this theft squeal and the media try to spin that the intelligence is fake after 5 years of building up the IC's credibility.

That combo is a volatile cocktail hurled at a group of incompetent, self-serving people all looking to save their own asses; both parties in congress are fractured so a unified front will be difficult for them. If the recent covid relief bill is a sign of how Congress is doing, Trump's really gamed them and placed the pressure on who needed it. The whole country and world will be watching. There will be massive support from patriots across this land (and the world for that matter) descending on the capitol, white house, etc. At this stage, I believe there are no more arguments. There will only be right and wrong, nonviolence and violence, good and evil. She was not supposed to lose!
